REQUEST FOR CORRECTION OF DUPLICATE SERIAL NUMBERS

Honorable Commissioner for Patents
Washington, D.C. 20231

10 May 2001

Sir:

On 30 March 2001, the representative firm identified below for all parties to
the two above-identified individual matters filed all of the necessary requirements for
obtaining a serial number and filing date for each new U.S. patent application noted.

Attached are copies of advance serial number notification postcards for the above-identified separate patent applications. As indicated on the postcards, it appears that the Office has assigned the same serial number to two individual applications.

Although the application number identified on both postcards is merely a preliminary assignment of an application number in accordance with MPEP §503, the representative firm respectfully requests that separate serial numbers be assigned to each of the identified applications, and that Filing Receipts be mailed promptly to notify Applicants of the permanent serial numbers assigned to the applications.

There is no fee required for this Request. However, if any appropriate fee is actually deemed necessary, please charge same to ATS&K Deposit Account No. 01-2135 (Order No. 219-39489/39495).

Respectfully submitted,
